Meeting called to order at 3:22 pm on February 24th, 2026

○ Old Business

- Mrs. DeVillano brought up the white fence in front of the school
Who is in control the white fence or getting the update on the work order?

Dr. Hebner answered that they are only approved for having a fence built at the front of the school for now

- Mrs. Gonzalez brought up not receiving or missing the school newsletter. There are new regulations and formats that are to be used universally throughout DODEA. Mrs. Flowers is currently the staff member working on the newsletter. The last issued was paused due to formatting. She had to take the previous newsletter down. Vogelweh is trying to still post on Facebook when possible.
- Going forward we would like to advertise the new board positions for SAC –
Mrs. DeVillano will not be returning next year due to two term limits

- Mrs. Novack almost drank 1 gallon of water woo hoo
- New business
 - Mrs. Moore brought up a past concern with administration about loss of recess or outside times for students. They have done a good job at addressing the issue; however, she is seeing some inconsistencies with how teachers and staff implement it.
 - Dr. Hebner communicated to the group the policy or choices for the students. Consequences still have to happen. Teachers and staff are not allowed to take the entire recess time away as a consequence. Students have one of three choices; sit out for a few minutes, grade level appropriate writing reflection sheet or walking laps around the recess field for a few minutes
 - Jessica wanted clarification on whether or not school administrators need to be present at every SAC meeting. Also if a meeting can start with an administrator present- she asked that board members consult the bylaws moving forward
Jessica wanted to check our bylaws to see who needs to be present at the meeting
Mrs. Moore brought up the new DODEA superintendent.
There will be changes to the 2026-2027 calendar/ 4 out of the 6 family days will be taken away & less teacher workdays
Hopefully new and updated information will be available via aspen
Katie plans to revisit the discussion at our fourth quarter meeting
 - Once again, we talked about a new chair and board for the SAC next year. Dr. Hebner recruited last year at our principals' coffees
 - Jessica, the School Liaison, stated we will need to check the by-laws to make sure there is no conflict of interest in participating on both SAC & PTSA boards due to Parent Teacher Student Association being private organization.
 - Going into the 2026-2027 school year we believe the SAC board needs to select four dates for the year (looking forward to updated calendar). Having the four dates for the entire school year helps with organization and most importantly attendance.

- National clap in day for the Month of Military Child is April 15th.
- Jessica will be bringing in the military patches from the Ramstein Intermediate third grade winner
- Our fourth and final meeting for the year will be April 28th, 2026 @ 3:15 pm.
- Meeting adjourned @ 4:11 pm
